McKenna Video Services Unveils New Logo

(Puyallup, WA) McKenna Video Services announced today that they are unveiling a new logo.

“We are so excited about how our new logo will bridge the gap between McKenna Video Services, MVS Weddings and Chris McKenna Photography,” says co-owner Chris McKenna. "For the last five years, we have been searching for ways to bring unity to all our operating units and we believe that this new logo will help us achieve it," he adds.

The logo, the result of a contest between 20 different graphic designers, will be implemented immediately into all McKenna video productions, including weddings, and the photography side of the business, Chris McKenna Photography.

McKenna will continue to operate all 3 of their websites independent of each other for marketing purposes, but all printed marketing materials, videos and photographs will now bear the 'McKenna Video and Photo' brand.

For more information on McKenna Video Services and Chris McKenna Photography, visit their websites at www.mckennavideo.com, www.mvsweddings.com and www.chrismckennaphotography.com or call 253-539-3438.
