FOR IMMEDIATE RELEASE

(September 1, 2007)

McKenna Video Services Launches MVS Wedding Productions

(Puyallup, WA) Puyallup, WA based McKenna Video Services announced today that it is launching a new division-MVS Wedding Productions.

“We are reacting to feedback from our bridal customers. This new division will have a single focus: the bridal market,” says Lynette McKenna. “With this new division, our customers will not be confused by the marketing efforts we undertake as McKenna Video Services. MVS Weddings will be branded differently, marketed differently, but will have the same high quality standards that our customers have come to expect out of McKenna Video.”

With this new division comes a new website dedicated solely to Wedding Productions: www.mvsweddings.com . MVS Wedding Productions will also offer photography services using a combination of referrals to outside photographers and ultimately in-house photographers.

To contact McKenna Video Services, call Chris or Lynette McKenna at 253-539-3438. For more information visit their website at www.mckennavideo.com.
